

Boosters Meeting Minutes, 7:30 pm, May 5, 2022

David Trissell presented a general overview of the next regattas of the season - 2 weekends of VA State competition, followed by the Statesbury Regatta and Nationals. Parent support for coordination/travel/etc. was raised for States, and a final decision on boats participating will be made by this weekend. Further details about the trip will be sent to relevant parents soon thereafter.

There was a brief discussion about needs for equipment repair or replacement and priorities for these will be set with the coaches following the season.

The budget was discussed and the prior fundraisers netted over \$2,000 (carwash) and \$200-400 (Paisano's). Upcoming fundraisers include Lake Barcroft Sand Day (signup genius sent) and another car wash and & Pizza restaurant night.

Plans for the Annual Awards Picnic were reviewed, which will include Boosters Board member elections for the 2022-23 season. Nominations from the current Board will be forthcoming.

Following the season, the need for volunteers (coach(es), rowers and others) to help support the Summer Learn to Row camp was discussed. Once a date is selected by the coaches, a request for volunteers and communication about the event will occur (particularly to area middle schools).

Agnetta also raised the need for volunteers for the '22-23 season which are critical to the Boosters Scrip/Gift Card/Coffee sales fundraiser program, and the Wreaths, Poinsettia and Coffee sales during the Fall.
